ANNUAL REPORT OF THE  
MEDICAL OFFICER OF HEALTH  
FOR THE YEAR 1965

To the Chairman and Members of the  
Hucknall Urban District Council.

Mr. Chairman, ladies and gentlemen,

Between the departure of your previous Medical Officer of Health and my taking up the appointment in January, 1966, there had elapsed some seven months, during which period inevitably a backlog of work had accumulated. In the Clinical field, this applies particularly to the B.C.G. Vaccination programme amongst School children, and I am sure you will be encouraged to learn that steps have already been taken to overtake the large numbers involved, and bring this Vaccination programme up to date.

In 1964 an 81% acceptance rate had been achieved and an improvement is to be looked for even in this high acceptance rate. Fortunately through the efforts of the County Medical Officers and the Staff of the County Health Clinic, the routine immunisation programmes against Diphtheria, Whooping-Cough, Tetanus and Polio have been well maintained, though during the year there has been increasingly heavy demands on the services of the nursing and clerical Staff mainly associated with the inauguration of a Cytology Clinic.

It has been possible however to reduce to some extent the demands on valuable nursing time by abandoning the system of boiling needles and syringes on the premises, prior to each session by using disposable needles and syringes instead. This change has been greatly appreciated by the nursing Staff since its inception.

At this stage, I would like to put it on record, and gratefully acknowledge as a new comer the unstinting and invaluable help which has been given me, by the Chief Public Health Inspector and all the Health Department Staff.

Finally when I come to submit my own first Annual Report in 1967, I hope to be able to record the encouraging trend in Hucknall of an upward surge in the Birth-rate (from 19.5 in 1964 to 20.1 in 1965), and a downward swing in the Death-rate (from 11.1 in 1964 to 9.9 in 1965) with no Maternal Deaths for the seventh consecutive year.

I remain,

Your obedient servant,

S. YOUNG

Medical Officer of Health.

THE COUNTY COUNCIL

Details of these services are provided for information by courtesy of the County Council.

Watnall Road Clinic

The County Health Clinic, Watnall Road, is utilised for Maternity and Child Welfare, School Clinic, Dental Clinic and Relaxation Sessions, Speech Training, Vaccination and Immunisation, Audiometry, Eye Testing, Distribution of Welfare Foods and District Home Help Office.

Ante-Natal and Post-Natal Sessions

Friday 2.00 p.m. until 4.30 p.m.

Medical Officer in attendance.

Child Welfare Sessions

Monday 2.00 p.m. until 4.30 p.m. Medical Officer in attendance, alternate sessions.

Wednesday 2.00 p.m. until 4.30 p.m. No Medical Officer in attendance.

Thursday 2.00 p.m. until 4.30 p.m. Medical Officer in attendance, alternate sessions.

Health Visitors are in attendance at each Ante-Natal, Post-Natal and Child Welfare Session.

School Clinic Sessions

Tuesday 9.30 a.m. until 12 noon.

Friday 9.30 a.m. until 12 noon. Medical Officer in attendance.

Dental Clinic Sessions

Treatment is given by appointment only.

Vaccination and Immunisation

A vaccination and Immunisation session is held on the first Tuesday afternoon of each month from 2.00 p.m. until 4.00 p.m.

Distribution of Welfare Foods

Monday to Friday - 2.00 p.m. until 5.00 p.m.

Ruffs Estate, Hucknall

A Child Welfare Session is held at the St. Paul's Church Hall, Ruffs Estate, Hucknall, each Wednesday afternoon and a Medical Officer is in attendance on alternate sessions.

Midwifery Service

The services of the following County Midwives and District Nurse-Midwives are available in the Urban District:

COUNTY MIDWIVES

Miss A. Calcroft,  
18 Woodstock Street,  
Hucknall.  
Telephone: Hucknall 2687

Miss H. M. Beynon,  
Nurses' Home,  
Beardall Street,  
Hucknall. Telephone: Hucknall 3508

Mrs. J. Jackson,  
"Alys",  
High Leys Road,  
Hucknall.  
Telephone: Hucknall 2161

Mrs. M. I. Pape,  
6 Alexander Close,  
Papplewick Estate,  
Hucknall.  
Telephone: Hucknall 3868

#### PART-TIME

Miss M. Spellman,  
3 Abbey Close,  
Hucknall.  
Telephone: Hucknall 2456

#### Home Nursing Service

Three District Nurses (Miss R. N. Fleming, Nurses' Flats, Beardall Street, Hucknall, Mrs. M. Clarke, 43 Revelstoke Way, Rise Park, Bestwood and Mrs. L. A. Jackson, 7 Leabrook Gardens, Hucknall) are now employed whole-time in general nursing.

#### Maternity Outfits

Sterilised maternity outfits containing all dressings necessary for the conduct of a domiciliary confinement are supplied free of charge on the certification of the midwife engaged or the Health Visitor.

#### Care of Premature Births

The provision of draught-proof cots with hot-water bottles, blankets, etc., and an ambulance is made for all premature infants requiring transportation to hospital. The midwife accompanies the infant on the journey to hospital.

Similarly equipped cots are provided for such infants nursed at home.

The services of a Consultant Paediatrician are available when required.

#### Home Help Service

Home Helps are available where domestic help is required owing to the presence of any person who is ill, lying-in, an expectant mother, mentally ill, aged or a child not over compulsory school age. The charge for this service is 4s. 6d., per hour, but where the recipient is unable to afford this standard charge, the County Council's Scale of Assistance is applied.

At the end of the year, there was a total of sixty-six Home Helps employed on the joint district of Hucknall and Eastwood, thirty-seven of whom are available for Service in Hucknall Urban District.

Cases in need of help should be reported to the District Office, County Health Clinic, Watnall Road, Hucknall (Telephone Hucknall 3596). It is particularly important that expectant mothers wishing to book a Home Help for their confinements should do so at an early date in order that adequate arrangements may be made.

#### County Ambulance Service

##### Statistics, 1965

Patients carried	17,505
Milage involved	99,557

##### Categories of 16,056 patients were as follows:

Accident	423
Emergency	812
Treatment	16,222
Infectious	14
Maternity	10
Others	24

17,505

CHIEF PUBLIC HEALTH INSPECTOR AND CLEANSING SUPERINTENDENT

for the year 1965

To the Chairman and members of the  
Hucknall Urban District Council

Mr. Chairman, ladies and gentlemen,

I have pleasure in presenting my report for 1965, a year in which Slum Clearance work continued with the making of two Compulsory Purchase Orders in the George Street/James Street area. A total of 85 houses were involved. A Clearance Order was made in respect of Victoria Cottages, Nottingham Road, and No. 53 Nottingham Road was demolished. A Closing Order was made on No. 73 Watnall Road.

Re-housing of tenants from Truman Street, Orchard Street and Allen Street proceeded throughout the year, most of the families being accommodated on the re-developed Butler's Hill site.

It is very gratifying to see the rise in housing standards of so many of our citizens, but with the Slum Clearance programme nearing the end, it has been necessary to turn our attention to the remaining houses and ascertain which modern facilities are not available to the occupants. We are desirous, with the aid of improvement grants, of bringing these properties up to a good standard with bathroom facilities and an inside toilet. A survey was carried out in Derbyshire Lane, Charles Street, Beech Avenue and Ladycroft Avenue and it was decided to approach the owners concerned and offer grant aid for the fixing of W.C's, wash basins and baths, in cases where any of these amenities were lacking. The response was encouraging and by the end of the year many applications for grants had been received. It is our intention to survey many other areas throughout the town, and, with the co-operation of the landlords, modernise where necessary every dwelling. It is essential that the tin bath be banished from the hearth, and that the inside W.C. be installed to eliminate the journey to the bottom of the garden, and the continual trouble in Winter with burst pipes in these outside toilets.

Another important aspect of environmental health which will have to receive our attention in the near future is Smoke Control. The Ministry will soon be pressing us to declare some Smoke Control areas in order that the air we breathe is as pure as possible. The change over to the use of gas, electricity or solid smokeless fuels for heating our homes will in many cases cause a slight increase in our annual fuel bill, but we must always take into account savings in other ways. The wear and expense on curtains, clothing, etc., by continual washing or dry cleaning would be reduced. The external and internal decoration of our homes would be carried out at less frequent intervals. The visits by the chimney sweep would be reduced, and in many cases, completely eliminated. The cost of medical services for the treatment of respiratory

sufferers would be reduced. The prime factor however, would be that the population as a whole would derive benefit physically by the elimination of this gross, atmospheric pollution from our domestic chimneys. We can only hope that when we commence this vital task of smoke control the public will realize the benefits to be derived and will co-operate with the Council in every possible way.

In conclusion, I would like to thank the staff for their loyal support throughout the year, and the members of the Council for their continued interest in the work of the Department.

G. BROGAN

Chief Public Health Inspector.

## HOUSING

The following particulars are presented in the manner prescribed by the Ministry of Health.

### 1. Inspection of Dwelling houses during the year.

(i)	(a)	Total number of dwelling-houses inspected for housing defects (under the Public Health or Housing Acts).	528
	(b)	Number of inspections made for the purposes	815
(ii)		Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation .. .. .	91
(iii)		Number of dwelling-houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation .. ..	87

### 2. Remedy of defects during the year without Service of Formal Notices.

	Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority	60
--	---	----

### 3. Action under Statutory Powers during the year

#### (a) Proceedings under Section 9 and 10 of the Housing Act, 1957:

(i)	Number of dwelling-houses in respect of which formal notices were served requiring repairs	3
(ii)	Number of dwelling-houses which were rendered fit after service of formal notices.	
	(a) By Owners .. .. .	3
	(b) By Local Authority in default of Owners .. .. .	Nil

#### (b) Proceedings under the Public Health Acts:

(i)	Number of dwelling-houses in respect of which notices were served requiring defects to be remedied .. ..	74
(ii)	Number of dwelling-houses of which were remedied after service of formal notices	
	(a) By Owners .. .. .	7
	(b) By Local Authority in default of Owners .. .. .	Nil

(c) Proceedings under Section 16, 17 and 23 of the Housing Act, 1957.

(i)	Number of dwelling-houses in respect of which Demolition Orders were made .. .. .	1
(ii)	Number of dwelling-houses demolished in pursuance of Demolition Orders .. .. .	2
(iii)	Number of houses demolished in pursuance of Clearance Orders .. .. .	55
(iv)	Number of houses demolished in pursuance of Compulsory Purchase Orders .. .. .	Nil
(v)	Number of houses in respect of which closing orders were made .. .. .	1
(vi)	Number of houses demolished in pursuance of undertakings.. .. .	1

(d) Proceedings under Section 18 of the Housing Act, 1957

(i)	Number of separate tenements or under-ground rooms in respect of which Closing Orders were made .. .. .	Nil
(ii)	Number of separate tenements or under-ground rooms in respect of which Closing Orders were determined, the tenement or room having been rendered fit .. .. .	Nil

4. Housing Act, 1936 - PART IV - Abatement of Overcrowding

Number of new houses completed during the year

(a)	By the Local Authority . .. .	183
(b)	By private enterprise .. .. .	158
	Number of applicants for houses at the end of the year .. .. .	291
	Number of applicants for bungalows at the end of the year .. .. .	117
	Number of families rehoused during the year .. .. .	228

5. Rent Act, 1957

Part I - Applications for Certificates of Disrepair

(i)	Number of applications for Certificates.. .. .	3
(ii)	Number of decisions not to issue certificates .. .. .	Nil
(iii)	Number of decisions to issue certificates .. .. .	
	(a) in respect of some but not all defects . .. .	1
	(b) in respect of all defects .. .. .	1
(iv)	Number of undertakings given by landlords under paragraph 5 of the First Schedule .. .. .	1
(v)	Number of undertakings refused by Local Authority under proviso 5 of the First Schedule .. .. .	Nil
(vi)	Number of certificates issued .. .. .	2

Part II - Applications for Cancellation of Certificates

(vii)	Applications by landlords to Local Authority for cancellation of certificates .. .. .	1
(viii)	Objections by tenants to cancellation of certificates .. .. .	Nil
(ix)	Decisions by Local Authority to cancel in spite of objections .. .. .	Nil
(x)	Certificates cancelled by Local Authority .. .. .	1

\*These figures include notices served 1964 and complied with in 1965.

THE MILK (SPECIAL DESIGNATIONS)  
(PASTEURISED AND STERILISED) REGULATIONS

Samples of Milk taken by the County Sampling Officer and submitted to the prescribed tests:-

	No. of samples taken	Result	
		Satisfactory	Unsatisfactory
Sterilised	10	10	-
Pasteurised	165	162	3
Untreated	6	5	1

One sample failed Phosphatase and Methylene Blue tests and three samples failed the Methylene Blue test. Appropriate action was taken in respect all failures under this heading.

BACTERIOLOGICAL EXAMINATION OF MILK BOTTLES

Examined	48
Satisfactory	46
Unsatisfactory	2

The results of samples taken by our Department are shown below:-

No. of samples submitted for Bacterial examination		No. found to be satisfactory	No. found to be unsatisfactory
Sterilised Milk	14	14	-
Pasteurised Milk	15	15	-
Tuberculin Tested	1	1	-
T.T. Pasteurised	2	2	-

#### ICE-CREAM AND ICE-LOLLIES

The number of samples of ice-cream and ice-lollies submitted for bacterial examination, together with the results are shown below:-

No. of samples submitted for Bacterial examination		No. found to be satisfactory	No. found to be unsatisfactory
Ice-cream		17	-
Ice-lolly		11	-

#### WATER SUPPLIES

##### INCLUDING SWIMMING BATHS AND POOL

Visits were made during the year to the Lido and to the Swimming Baths, ten samples of water were taken and submitted to the Public Health Laboratory for analysis.

#### VERMINOUS PREMISES

During the year 132 houses or parts of houses were treated with proprietary brands of insecticides for cockroaches 13, ants 94, wasps 7, silver-fish 8, bedbugs 1, bees 5, crickets 1, flies 1 and slugs 2.

#### PREVENTION OF DAMAGE BY PESTS ACT, 1949

During the year 110 complaints of rats and 25 of mice were received. They were as follows:-

Private houses	115
